MANAGEMENT COMMITTEE.

Chairman:

The Rev. B. Waldo Lewis, Briarleigh, Longacre Road, Carmarthen.

Appointed for the period ending 31st March, 1951.

Vice-Chairman:

The Rev. W. H. Williams, Brightholm, Haverfordwest.

Appointed for the period ending 31st March, 1952.

Members:

Councillor Evan Bevan, J.P., Huanfa, Saron, Ammanford.

Iorwerth B. Jones, Esq., Trefaldwyn. Parc Thomas, Carmarthen.

Dr. D. H. Lloyd, The Friary, Carmarthen.

Dr. Laura G. Rees, The Island House, Laugharne, Carmarthen.

Dr. E. Roland Williams, Dryslwyn, Clynderwen (Pembs.).

Appointed for the period ending 31st March, 1950.

Alderman Evan Davies, J.P., Noyaddwilym, Llechryd.

J. F. E. Gillam, Esq., F.R.C.S., Chalfont House, Haverfordwest.

Colonel L. H. Higgon, M.C., J.P., Cuffern, Roch (Pembs.).

Captain Ithel Thomas, Brynheulog, The Esplanade, Carmarthen.

John Williams Esq., The Rowans, Cwmfelin Mynach, Whitland.

Appointed for the period ending 31st March, 1951.

Dr. M. Rowland Evans, Boncath (Pembs.).

Canon T. Halliwell, Trinity College, Carmarthen.

Councillor B. R. Lewis, Market Place, Fishguard.

E. Bertram Rees, Esq., L.D.S., 17 Lammas Street, Carmarthen.

Appointed for the period ending 31st March, 1952.

GENERAL PURPOSES COMMITTEE.

Chairman:

Alderman Evan Davies, J.P.

Vice-Chairman:

Dr. Laura G. Rees.

Councillor Evan Bevan, J.P.

Canon T. Halliwell.

Mr. Iorwerth B. Jones,

Dr. D. H. Lloyd.

Councillor B. R. Lewis.

STAFFING COMMITTEE.

Chairman:

Colonel L. H. Higgon.

Vice-Chairman:

Captain Ithel Thomas.

Dr. M. Rowland Evans,

Mr. J. F. E. Gillam,

Mr. E. Bertram Rees,

Mr. John Williams,

Dr. E. Roland Williams.

FINANCE COMMITTEE.

Chairman:

Canon T. Halliwell.

Vice-Chairman:

Mr. John Williams.

Councillor Evan Bevan, J.P.

Mr. Iorwerth B. Jones.

Dr. D. H. Lloyd,

Mr. E. Bertram Rees,

Captain Ithel Thomas.

The Chairman and Vice-Chairman of the Management Committee are ex-officio members of the above Committees.

Chairman of Medical Staff Advisory Committee.

Dr. J. J. Healy.

Chairman of Nursing Staff Advisory Committee.

Miss C. Parfitt.

SENIOR OFFICERS OF THE AREA COMMITTEE.

Secretary.

A. W. Youngs, F.C.I.S., F.H.A.

Finance Officer.

T. W. Joshua, A.S.A.A.

Supplies Officer.

A. W. Youngs, F.C.I.S., F.H.A.

Engineer.

D. J. Williams.

Catering Officer.

Miss Eileen Timothy, S.R.N., Diploma of Dietetics (Edin.).

Pharmacist.

Gwyn Jones, M.P.S.

Deputy Secretary.

I. Charles, A.C.I.S.

Deputy Finance Officer.

A. L. Morgan.

Supplies Assistant.

P. George Thomas.

Patients' Welfare Officer.

Miss Lilian Powell.

MEDICAL STAFF.

Physicians.

T. E. Jones Davies, M.A., M.D., M.R.C.P.

W. Esmond Rees, M.D., M.R.C.P.

Surgeons.

G. J. Bowen, M.B., B.S., M.R.C.S., L.R.C.P.

A. B. Davies, F.R.C.S. (Edin.), M.R.C.S.

D. H. Lloyd, M.R.C.S., L.R.C.P.

Matron: Miss C. Jones, S.R.N., S.C.M., B.T.A.

Sealyham Hospital, Wolfscastle.

Medical Superintendent: Dr. Llewellyn Davies.

Matron: Miss M. L. Hughes, S.R.N., B.T.A.

West Wales Sanatorium, Llanybyther.

Medical Superintendent: Dr. Kenyon Davies.

Matron: Miss E. M. Treharne, S.R.N., B.T.A.

FIRST ANNUAL REPORT
OF THE
WEST WALES HOSPITAL MANAGEMENT COMMITTEE
FOR THE PERIOD
5TH JULY, 1948 TO 31ST MARCH, 1949.

The Committee has pleasure in presenting the first Annual Report since the taking over of Hospital services by the Minister of Health on the 5th July, 1948.

The volume of administration during the first nine months of the new service has necessarily been heavy, not only in the setting up of a new organisation with problems of recruitment of staff and appointment of Committees, but also in dealing with many problems affecting hospitals in the area.

In spite of these factors, the Committee can during the period under review point to definite achievement in the closer integration of hospital services within the West Wales area.

AREA SERVED.

The area served by the Committee, while not strictly defined, is the largest geographical administrative area in Wales, comprising the whole of the County of Pembrokeshire, a substantial part of the County of Carmarthen, and the southern part of the County of Cardigan. The Committee is responsible for the administration of 13 Hospitals and 15 Clinics in this area, with a present total bed complement of 762. While largely rural in character, it has industrial areas in south Pembrokeshire and the eastern part of Carmarthenshire. The population served is estimated to be 177,000.

COMMITTEE ORGANISATION.

Chairman. The Rev. Waldo B. Lewis was appointed Chairman of the Committee in May, 1948. Besides being a member of the Welsh Regional Hospital Board, he was for many years associated with the County Infirmary, Carmarthen, as its Chairman, and brings to his new task a wide knowledge of hospital administration.

Vice-Chairman. The Rev. W. H. Williams, of Haverfordwest, was appointed Vice-Chairman of the Committee. Mr. Williams was Vice-Chairman of the Pembroke County War Memorial Hospital, Haverfordwest, at the "appointed day." He was also a Vice-President of that institution, and has been closely associated with hospital administration for many years.

The other members of the Committee appointed by the Regional Hospital Board were nominated by Hospital Committees, County Councils, medical and dental professions, and other representative bodies. The first meeting of the Management Committee was held on the 21st May, 1948, and General Purposes, Staffing and Finance Committees were later set up and have held regular meetings.

One of the original members of the Committee, Ald. L. J. Meyler, of Milford Haven, resigned shortly after appointment owing to pressure of other work, and Councillor B. R. Lewis, of Fishguard, was appointed by the Welsh Regional Hospital Board in his place.

House Committees. One of the first tasks of the new Committee was the appointment of House Committees to act as "the eyes and ears" of the Management Committee, and eleven of these Committees have been formed. They serve a very useful function in such a wide area and keep the main Area Committee in touch with what is happening and felt at individual hospitals. The Management Committee extends sincere thanks to the Chairmen and members of House Committees for their work during the period under review.

Staff Advisory Committees. Acting upon the advice of the Minister of Health, Medical and Nursing Staff Advisory Committees have been formed and have been of great assistance to the Management Committee in considering questions of medical and nursing administration.

ADMINISTRATION.

At very little cost, the Committee was able to set up central offices at the West Wales General Hospital, Carmarthen, and the various departments, administrative, finance and supplies, were organised and are now functioning satisfactorily. The following senior administrative appointments were made:—

Secretary to the Committee: Mr. A. W. Youngs, F.C.I.S., F.H.A., formerly Chief Administrative Officer of the County Infirmary, Carmarthen.

Finance Officer to the Committee: Mr. T. W. Joshua, A.S.A.A., formerly Secretary/Superintendent of the Llanelly General Hospital.

Agency Arrangements. To assist the Management Committee in the administration of transferred institutions, the Regional Hospital Board arranged with local authorities to continue administration of certain institutions for an interim period to the 31st March, 1949. The Management Committee is grateful to the Pembrokeshire and Carmarthenshire County Councils for their help in this direction.

PROBLEMS OF THE AREA.

On assumption of their responsibilities on the 5th July, 1948, the Committee was faced with many problems, chief among which was the urgent need for increased and improved accommodation in the area. According to figures supplied by the Welsh Regional Hospital Board, West Wales has a low ratio of beds for the population served. Three main needs are:

Additional beds,

Well equipped out-patient departments, and

Further staff accommodation, especially for Nurses.

The Committee is, therefore, aware of the need for not only greatly increased bed accommodation, but additional and improved accommodation for out-patients and staff. There is a large waiting list of both in-patients and out-patients needing treatment, and the Committee views this situation with much disquiet. The limiting factor, of course, is the amount of capital money available in comparison with need and, to some extent, the shortage of essential materials.

Owing to the scattered nature of the area it is necessary to provide adequate local hospital accommodation complementary to a main area hospital. It is therefore, with pleasure the Committee reports that the ex-Military Hospital at Carmarthen was opened on the 25th March, 1949, and at the time of writing this report 32 beds are occupied and fully staffed at the hospital. Negotiations for its acquisition commenced three years before its opening, and it was formally handed over by the Army Authorities in October, 1947. It is hoped that 64 additional beds will become available in the near future. The Committee feels, in view of the long delay likely in building new hospitals, that good use can be made of the present temporary hospital, bearing in mind that in the meantime plans will be prepared for a new hospital of 300 beds on this excellent site to provide a really first class hospital centre for the area.

The Committee is also glad to report that following a recommendation from the Committee to the Welsh Regional Hospital Board, the County Isolation Hospital, Pembroke, will now be used for general hospital patients and isolation cases from Pembrokeshire sent to the modern Isolation Hospital at Tumble. In this way 24 more beds will become available for general hospital work. During the year eight maternity beds have been added to the accommodation at Priory Mount Hospital, Haverfordwest, and they will meet a great need in this part of the area.

It will be seen, therefore, that during the first nine months' working the Committee has been able to add 64 general beds to the existing accommodation.

There is an acute shortage of accommodation in the Pembrokeshire area, and negotiations are proceeding for the acquisition of the ex-Military Hospital at Haverfordwest. The Hospitals at Cardigan and Pembroke Dock are also very inadequate for the work they are being called upon to do, and there is a real need for additional accommodation in these parts of the area.

MEDICAL STAFF.

While the engagement and terms of remuneration of specialist medical staff fall outside the province of the Management Committee, it is pleasing to report that the Regional Hospital Board have appointed Mr. Salathiel Morgan, M.B., B.Ch., F.R.C.S. (Ed.), as Ear, Nose and Throat Surgeon to work in West Wales. The Committee are aware of the need for additional consultants in certain specialities, and they await the recommendations of the Regional Hospital Board in this direction.

FINANCE.

Expenditure.

During the period 5th July, 1948, to the 31st March, 1949, the 13 Hospitals and 15 Clinics in the area controlled by the West Wales Hospital Management Committee have necessitated a cash expenditure of £184,904 9s. 1d., which figure, based on the 762 beds available, gives a cost per bed for the period of £242 13s. 2d. This expenditure figure is made up as follows:—

	£	s	d
Payments to Sundry Creditors taken over at 5th July, 1948	14,284	11	2
Payments in respect of the period 5th July, 1948, to 31st March, 1949	163,719	17	11
Payments on account in respect of user interests in hospitals not directly under the Hospital Management Committee's control	6,900	0	0
Total	£184,904	9	1

Income.

The above expenditure has been met from the following income:—

	£	s	d
Direct grants from the Welsh Regional Hospital Board	154,578	0	0
Direct payments by the Welsh Regional Hospital Board in respect of T.B. Hospitals	19,908	6	7
Receipts for Section 5 Pay Beds	4,145	19	1
Sundry receipts	724	3	1
Monies received from Sundry Debtors taken over at 5th July, 1948	10,882	15	0
Total	£190,239	3	9

“Free” Endowment Income.

There has also been received £3,081 12s. 10d. which has been paid into the Hospital Management Committee's Endowment Fund Account, being:—

Legacies and Subscriptions received by the following Hospitals:—

	£	s	d
Carmarthen Hospitals	2,162	6	3
Pembroke County War Memorial Hospital	839	12	7
Tenby Cottage Hospital	55	13	0
Cardigan Hospital	20	0	0
Pembroke Cottage Hospital	4	1	0
Total	£3,081	12	10

The above Endowment Income can be used at the discretion of the Management Committee for the benefit of the hospitals concerned. It constitutes a valuable medium for identifying donors' wishes with the work of a particular hospital.

PATIENTS TREATED.

Tables of patients treated appear on Page 15. It will be noted that they are for the year 1948 to coincide with Ministry of Health returns. They show that 8,819 in-patients were treated to a conclusion, and 20,935 new patients received treatment in the out-patient departments and clinics. It will be seen that the Committee controls general, infectious diseases, chronic sick, and tuberculosis institutions, and their field of administration covers all hospital services except mental and mental deficiency. The Committee, through the Regional Hospital Board, have joint user arrangements in respect of certain institutions administered by the County Councils chiefly for the treatment of chronic sick and aged patients. They are aware of the urgent need for adequate and active treatment of these patients, many of whom can be helped to lead more useful and fuller lives.

To assist patients and medical practitioners, a Patients' Welfare Officer has been appointed at Carmarthen to act as a medium for helping the public generally to get treatment under the new service. The Committee also report that arrangements were made with the Carmarthenshire and Pembrokeshire County Councils as from the "appointed day" in respect of admission of maternity patients to hospitals, and the Committee is grateful to the County Medical Officers of Health concerned for "screening" patients on social grounds so that the most effective use is made of maternity beds.

CENTRAL PURCHASING.

As from 1st April, 1949, a system of central purchasing is being introduced to co-ordinate the acquisition, maintenance and distribution of supplies on an area basis. Intimation has been received from the Ministry of Health that eventually most items of hospital equipment will be purchased centrally by the Ministry, and it is expected that a central distributing stores will be established at Carmarthen.

WORKS DEPARTMENT.

Charged with the responsibility for the day to day maintenance of a large number of buildings, the Committee have set up their own Works Department and appointed the necessary staff. They will be responsible for the maintenance of buildings and for doing small direct labour capital work. They have already proved their usefulness and are of great assistance to the administration.

NURSING SERVICES.

To enable the Committee to keep in close touch with all questions affecting Nursing services, a special Nursing Committee has been appointed. The Committee has already met and has been aided in its deliberations by the Regional Board Nursing Officer. They have considered ways and means of co-ordinating nurse training in the area, possibly by the establishment of an area central training school, where every facility and advantage would be available for the training of nurses.

The Committee congratulates Matrons and Sister Tutors of Nurse Training Schools on the success achieved at the State Nursing examinations.

FOOD SERVICES.

The Committee is aware of the great importance attaching to carefully prepared food for hospital patients, and the need for the best possible use of supplies and expert attention to medical requirements in the feeding of patients. They have, therefore, appointed a trained Catering Officer to act as adviser to the Committee on food services for hospitals in the area. In the meantime, they are reviewing existing kitchen facilities so that food can be properly prepared and served to patients.

PHARMACEUTICAL SERVICES.

To ensure efficient and economical organisation of pharmaceutical services throughout the area, a Pharmacist has been appointed to supervise this particular section of the hospitals' work.

REGIONAL HOSPITAL BOARD.

At all times during the year the Committee has received the utmost help and co-operation from the Regional Hospital Board and its officers, and the Committee places on record its appreciation of the help given during the difficult initial period of administration.

STAFF.

The Committee express their thanks to all sections of the staff for their excellent endeavours during the first nine months of the National Health Service.

CONCLUSION.

It is the Committee's desire and intention that the hospital services in West Wales shall be brought to a high level of efficiency. There are many deficiencies to be made good before this aim is achieved, and both the Regional Board and the Committee are acutely aware of them. The general standard of hospital accommodation in the area needs to be greatly improved so that patients can be treated with promptitude, efficiency, and in pleasant and comfortable surroundings. Financial considerations permitting, they are confident that the hospital service the public needs can be provided.

The Committee is desirous of maintaining public interest in the institutions under their control, and warmly welcome the formation of "Friends of the Hospital" Associations in their area. A number of these Associations have already been formed to serve as a "human" link between the new hospital service and the public. Already useful and much appreciated gifts have been made by these Associations to hospitals in West Wales.

For and on behalf of the Management Committee,

A. W. YOUNGS,

Secretary.

29th June, 1949.
